

**KHALSA COLLEGE OF EDUCATION
RANJIT AVENUE, AMRITSAR**

REPORT

Institution assures that adequate skills are developed in students so that they can effectively and efficiently use ICT for teaching learning process for distant curricular plans. For that purpose, institution plans out different activities. Some of them are; **Preparation of lesson plans, Identification of learning resources, Developing assessment tools** for online and offline learning, **Effective use of social media/ apps/ adaptive devices** for learning etc.

These activities assist students in proper use of ICT. Through preparation of lesson plans; students understand the importance of integration of ICT with teaching learning process. It can also help them to get acquainted with **upcoming latest ICT trends**. Students are encouraged to create **online quizzes, videos, blogs** so as to aware them about different online learning resources. Keeping in mind the trend of online learning and tutoring, institution ensures that their students are up to date with them. Students also understand that **integration of social media into formal education** results in positive influence on collaborate learning.

Teachers make sure that students know what they need in order to meet the demand of technological education set up required in mean time. Institution makes sure that their students are at par with latest advances in education and technological fields.
