VISIT TO PINGALLWARA

Introduction

Pingallwarra was founded in the early in year 1929 by Dr. S. S. Srinivasan. It is a place where the poor and the sick are treated as equals.

It was started by Dr. S. S. Srinivasan.

Pingallwarra is a place where the poor and the sick are treated as equals. It was started by Dr. S. S. Srinivasan. It is a place where the poor and the sick are treated as equals. It was started by Dr. S. S. Srinivasan. It is a place where the poor and the sick are treated as equals.

Brief History About Pingallwarra

Pingallwarra was started by Dr. S. S. Srinivasan. It is a place where the poor and the sick are treated as equals. It was started by Dr. S. S. Srinivasan. It is a place where the poor and the sick are treated as equals.

Dr. S. S. Srinivasan was a pioneer in the field of social medicine. He was the first to establish a place where the poor and the sick are treated as equals. It was started by Dr. S. S. Srinivasan. It is a place where the poor and the sick are treated as equals.

Dr. S. S. Srinivasan was a pioneer in the field of social medicine. He was the first to establish a place where the poor and the sick are treated as equals. It was started by Dr. S. S. Srinivasan. It is a place where the poor and the sick are treated as equals.

in the lives of these children who were suffering from deafness from their birth. This organization was done by Pimpalwara with the help of donations.

DEAF SCHOOL

The Pimpalwara camp is a school for deaf children. It is equipped with a variety of items which are developed with the help of lights & sounds. It is a facility provided for Pimpalwara.

I like my life
like studying
Pimpalwara
Deaf School
Mama in Deaf School

VOCATIONAL CENTER

We also went to the vocational center where the subject students of Lingaluru got training and knowledge about stitching, knitting and sewing. The girls are of great interest about vocational training to be some use to their hands. So they got asked to sew their little bag along that week. These few students also get possessed of making bags and beautiful and useful things from their own material. The collection of their things are prepared by Pinaluwa. They gave every material to make any thing they desired from and gave useful art. There are eight stitching machine which girls were stitching some stuff. There were a shaver and a hair shaver were also a hand made stuff area and a mass jump improvised by their gliding, rest area of out.

CHILDREN

WORLD

We often witness the children who are left
 and some many children around us who are
 my children with them and at the same time
 been found out from them. Some could
 not sit peacefully. We provide many activities
 like chocolate, teddy bears etc. to them and
 another reason of that department helped the chil-
 dren to do that at school.

OLD AGE HOME

Social work is not done for financial gain or
 fame. It is for self satisfaction. One
 should believe in life and should be lived for
 others not for itself. Social work means giving
 a helping hand to the needy and poor. How let
 the you my experience. When I
 went to old age homeat Manaus
 have my hand taken in my hand and
 and give them of hope. These I got the
 especially the

share my love and feeling with them who were
prouder of neglected my children. I surrounded
a lot of love and releasing in return.

I am incapable of continuing intimacy
and yet I do not accept finding
I resist the adventure that is
the conduct of my life to be on
without end.

It's so going to maintain an aged presence for
me. I also got a chance to learn different things.
It is unbelievable how a son could hurt his mo-
ther and keep her hungry. From this, I learn
at least helps me can be when these is me
I am assured to look after me. I know
I've taught eyes and wrinkled face. I see
with me my own grand parents in form.
like me me made in world. I felt very
helpful from hatched down on my cheeks.
Talking to these old people I found a sat-
isfying change in my behaviour. I also know
physical values and aspects of life
after helping them.

Though this visit meant me pretty good lessons and survived a lot of time from the old women and men. So I made forward in meeting old people and helping them. After this trip I think we'd children are the one who love and care of their parents.

After visiting the old age house my love for my parents became more than before. I came to understand the value of love and helpful towards elderly people.

So, this is the most important lesson of my life which I taught me many no. of good lesson and aspects of life.

CLEANLINESS CAPMP

Cleanliness is not next to godliness,
It is not even in the same neighborhood.
It is not even a religious injunction
of attending business or dress from
the grill of the auction room.

It is rightly said cleanliness is next to godliness.
Philosophy means keeping our body, mind and living
thing secured in them. This is good habit. It should
be cultivated from early life. Cleanliness
refers to the habitual act of keeping the different
environmental regions in a shape besides it which
for the sake of living from cleanliness
may be read with a moral quality and may be
regarded as contributing to other sides.
Such as, health and beauty. The concept of
cleanliness differs from purity which is
physical moral or ritual state of
human from pollutants.

It is a very important subject in a laboratory. It is a very important subject in a laboratory. It is a very important subject in a laboratory.

CHARACTERISTICS OF THE FIRM

Characteristics refer to political acts of keeping the firm away to maintain good health. To moderate such values in an organization may be associated by the organization. It is a very important subject in a laboratory. It is a very important subject in a laboratory. It is a very important subject in a laboratory.

BUILDING TEAMS AND PARTICIPATION

PLANTATION

Participation:

The plantation programme was held in our school on 21-11-17 afternoon. The standards of my group definitely participated in the plantation. My friend announced that they have taken up applying the plants in our school.

We planted various types of plants like one of them is papaya and lemon plants etc. Our teacher and also explained about the trees and the importance of plantation. Our school also targeted to plant trees and have

highways to plant trees and have good things for the children and the

 Even if I know that
 tomorrow I will
 be dead for years,
 I would still plant
 my apple tree.

The central idea to conservation by
 providing oxygen, improving air, climate
 amelioration, increasing water, preserving soil and
 supporting wild life. It is emphasized solely to maintain
 what we have to do. They gain in speed
 which is used for increasing and keeping.

INTRODUCTION

Indian Red cross society was established in 1922

The Red cross society derivation is in general for

him if the word is in

known about the functions of Red cross society
thous it works. There they bring up children

but giving purpose abundant

We want there on 22 Nov 2017. It was a great

opportunity for us. There we were guided by
their staff members. They told us about their

work and they also showed us the swaddle when
we sat at the job of the society. There Amrita stood

up for their child. When they don't want to nurse
the said cross society take care of the child and

develop in the swaddle and they give a good home for the
baby. It was also a wonderful experience

to have functions of Red cross society

GOBINDGARH FORT

Khanna College of education and
students for teaching practices in the year
2018-19. The fort is a historical site.

Suppose. There are got a book to
visit to gobindgarh fort which is in
the city of Amritsar.

On 10th of March 2019
at 10:30 am we started from
the fort. The fort is
located in old fort road, which
is very old.

Finally we have taken a
photo of the fort. The fort is
very old and it is a historical site.

Today the fort is very
beautiful. The fort is a
very old and it is a historical site.

Today the fort is very
beautiful. The fort is a
very old and it is a historical site.

It was originally built by Sargun Singh
Bhangra the local chieftain in the early
18th century. Gurdwara was completed
by Maharaja Ranjit Singh after victory
It after the 15th Sikh Guru, Guru Gobind
Singh ji

Date: _____

A stage that keeps the feet alive all day long with live performance of bhanges, natta, gada, comedy songs, dholi etc.

THESE ARE

People here engage themselves in various food shops and stalls that offer the choicest of Amulchevi and Purguliluvion.

At the apartment almost one hour every five you come back to college with your supervisor. We had collect alot of information about gahindgarh fest.

By the way

Management Maharaja Ranjit Singh

INTRODUCTION

Phalun College of Education
All students for teaching

practice in Sri guru Harbanshan Sen. Sr. School
Majitha, Rajasthan. There we get a book
to visit to airport aquatic laboratories (Parnas)
which is located in company garden division
we searched first of it. So am with
our supervisor Mrs. Sureshwarji Kaur. The panel
room is located at the middle of the company
garden. Firstly we buy ticket of bus
for all.

Objectives

Maharaja Ranjit Singh's reforms
were termed in the movement of modern

Raja Ranjit Singh and his management movement
was transformed into modern industrial the base
of which revolution started after 1800 AD.

Firstly I gave a beautiful painting of
Maharaja Ranjit Singh in which I
was giving directions to the workers.

0 200

Some paintings which were representative of the life of Mahatma Gandhi are in the shape of sketches - sketches.

A big painting of Gandhi was shown at the time of his fighting with British with enemies.

We read the history behind of the each painting that was present over there.

After opening almost one hour since I have the some book to see the college with our supervisor. We had collect lot of information about Gandhiji and about the life of Mahatma Gandhi Singh.

LITERACY CAMP

Once finished at a book and
your, may the best of
written, person, a beautiful, written
about all the best of
to be getting through, written

In November we arranged a literary camp with the help of our teachers and some people of village. This camp was arranged in Gurudwara of Valha town to Varaha.

In this camp many adults, youth, people in Gurudwara and we try to help them some books and importance education to them.

The myri seem like a simple question. Its answer - adults, living able to read & write. Right? And what education have been providing and acquiring our it for.

at least hundred years. It can
 compare working and writing of course
 but at odd subtract add divide
 so you can balance your check book
 and figure your oil, school mileage
 and you know on addition to
 keep business journal and know to
 use their efficiency.

It was a great experience to
 teach them of some different ways
 to tackle life's skills.

INSTITUTE FOR BLIND

ABOUIL

The Blind school was founded in 1923 in several places & American Embassy with our child help in mind the child's environment and necessity. It follows the under the suggested society. Blind school was its own contribution as well as free of other forms.

THE QUALITY OF THE

family of highly qualified teachers for the blind students.

THE STUDENTS

The students of the blind school are given proper food for their physical growth and maturation.

THEY ARE

The blind student are not only motivated for education but

also for developing special vocational skills like sewing, knitting, crocheting, etc.

SPORT LIFE AT THE SCHOOL

The school provides free boarding facility to Merit students. School has a library and many books.

TEACHERS

The students learn Hindi and English by practising in Punjabi, Hindi and English from a trained instructor.

LIBRARY

The school has a small library in a 650 square feet hall. At present more than 500 books are available in the library.

COMPUTER

Computer education is also provided to the students. The students are suitably trained with the help of special software developed specially for the visually challenged.

Kuchipudi is the language
 of the soul. It is a form of
 drama that is as old as
 time. It is a form of art
 that is as beautiful as
 the sunset. It is a form of
 art that is as timeless as
 the stars in the sky.

We went from our college in Band
 and took collection of Rs 500/- and took
 banners and many other things for students'

Social methods were used to reach them
 Toys and games are available for
 students like Marbles etc and

playing cards.

A lot of Blind children inspired in

that. We all started and since then that
 are not helpful. They have learned
 surprised purposefully. They can go
 school for a dancing and blind students
 were taught to be self sufficient from

a very young age. That is just

which surprised for them to gain

VISIT TO GOVT SCHOOL

Introduction - Anoka Public school is located at
Anoka in the state of Minnesota on 1st March

1984. Mission from Jacques Magnanum,
Pedagogic committee, in honor of Jerome,

who visited the school on the same day.
The school is the embodiment of the humanist
doctrine and application of the spirit.

Today the school is situated amidst of
lawn and beautiful pictures and great garden
along with of social science. It is surrounded

on all sides by green gardens and flowers
with the presence of different trees which
promote their fragrance all around

PLANNING AND SCHEDULING ACADEMIC, CULTURAL AND SPORTS EVENTS IN SCHOOL

**REPORT OF
CO-CURRICULAR ACTIVITIES**

Co-curricular Activities

Co-curricular activities are the programmes and learning experiences that complement in some way the theoretical knowledge provided to the students. It helps in development of objective and psychomotor domains of mind. Moreover, it helps in personality development. Co-curricular activities are meant to bring social skills, intellectual skills, moral values, personality, progress and character appeal in students. It includes athletics, cultural events, library activities, science lab activities, classroom activities, creative arts and meditation etc.

Best aspects of co-curricular activities of school is that they are part of learning experience exciting for both students and teachers. Students through classroom activities like quizzes, debates, learn better. Therefore co-curricular activities are essential for every student along with academics.

Some of the activities performed in the schools included to us under T.P are discussed

FORMING ASSEMBLY

A morning assembly is gathering of all or part of a school for a variety of purposes, such as special programs or communicating information on a daily or weekly basis. In some schools, students gather to perform a common song or prayer, and to receive common announcements. At larger schools, these morning rituals may be substituted by smaller classroom assemblies and announcements broadcast over a public address system.

Since we were allotted GMS Bal Kurni which is a small private school of strength approx 80, all the students used to gather in the school grounds where they perform a common song, followed by some speeches of notes by students and then the national anthem of India. In the winters, the assembly also included some physical activities to keep the children active.

Various other activities are performed in morning assembly and discussed further:

Delivering word of the day

Aoid concern that many Punjabi words are disappearing from common use, the state's school education department has launched Programme In government schools to teach students a core word in Punjabi daily. Govt word of the day' supplied by the education department is brought to students in the morning assembly.

One of such words is - 'Unnabi' which means

Also, an English words is also sent in help students to increase vocabulary and understanding of the languages.

Some of the English words were - Microphobia, novel, equity, praveilla, orlissan etc.

The word of the day' comes along with a detailed' description - Its of origin, meaning, usage, synonyms, ononyms etc. and then in the morning assembly the school head explains it. Creating the knowledge of their own. I also of contributed by exploring the meanings are to my experience.

Delivering
Victims of the
day

is of now, the ambitious project has
been launched in 1000 government
schools for the students studying
in class VI to XII in the state.

The object of Vidyan is the improve
and enhance the general knowledge
level besides making the students
efficient for competitive exams" said
Uttar Pradesh Education Minister Sivarinder
Singh Maubika.

He said through this project, students
will be made aware about the
current national and international affairs
so that they can appear in the competitive
exams after passing class X
and XII examination.

Uttar Pradesh government has
also imparted training to the staff
of 645 schools in this regard
and after completion of training 622
more schools are brought under the
orbit of Vidyan.

This project was also
launched by GMS (Gita Khand) in
which the students were made aware

of general awareness in the morning assembly
of AN the questions related to the subject
of science were explained by the science
teacher similarly, being a teacher of
mathematics I used to solve and
explain all the problems of mathematics
in Vidyan on the chalkboard. The
students used to actively take part in
the project and all of the pyting
knowledge provided to them by
the teachers.

One of the most important efforts made
in this regard was providing a BSNL
Internet connection to the school which
have been taken the Vidyan Project because
it requires internet accessibility. Monthly
tests are also conducted for the same of
every month over the internet.

SCIENCE FAIR

As per the notification issued by the Education Department, the schools in the state had been instructed to organise a one day school-level Science Fair' between Oct 3 to Oct 7 under 'Pachh Punjab, Pachh Punjab' project. The schools as per their convenience resubmitted one-day form three given days. However, the Block and District levels were organised in November.

From class VI to X are supposed to participate to enhance the purpose of activity-oriented, easy and effective learning. The Science Fair' in Bal Dohand was organised on Oct 7, 2019 under the guidance of Ms. Sand Sharma, the science master of the school. VII of three classes (VI, VII & VIII) participated actively in the fair. Each class was divided into pairs. The weak student with superior student, which helped in developing a sense of collaborative and co-operative learning.

Under Ms. Smita's guidance, the students made charts of their respective

Activities. Students were provided with the heat experimental apparatus, chemicals, compounds etc.

Some of the students also made small vegetable matter like conduction of electricity, Jungs, electric circuit etc.

Higher authorities from the school (SSS) Bai Kolan were invited to inspect and regard the efforts made by the children.

A. also, helped the students by preparing them the activities, checks and explanations. It was a pleasure working and guiding the students under the supervision of Mrs. Savita Sharma.

'TV Mera Buddy' Programme

RIDDY PROGRAM

In a bid to combat the drug menace in the state, as depicted in the Bollywood film 'Udaan', Punjab's Captain Amrinder's government has launched country's largest addiction prevention program.

Titled 'Tu Meri Ruddy' the programme is targeted at students in schools, colleges, universities and technical institutions, and aims to permeate every classroom from class VI upwards. Groups of five or less children will be credited to self monitor and generate awareness.

The project involves principals, teachers, all students and their parents. This will be led by class teachers and supervised by principals and district education officers. The group size formed of children will feature a balanced mix of boys and girls. Their temperament, academic performance etc. Each buddy group will be as bed to watch out for early signs of drug addiction or even refer to drug addicts susceptible to it.

What student buddies will be trained to know?

1. What are drugs and their effects?
2. How to say no to drugs?
3. How to recognize the signs of drug use in your buddy?
4. What to do about it? Help, share, care, trust, partner.

In regard to this I discussed harmful effects of drugs by explaining its result on our health. I motivated them not to make it a negative scene Campaign. I even praised the children of Mrs. Bal Khand who don't use drugs and intoxicants.

Date & Venue: March 1, 2021, College Campus

Science of today is technology of tomorrow. National science day was celebrated by the students of science club of Khalsa College of Education, Ranjit Avenue, Amritsar on March 1, 2021. The day was celebrated to remember the great invention by Indian Physicist and Noble Laureate Chander Shekhara Venkta Raman who discovered 'Raman's Effect'. 57 Students of science club, held a special assembly to mark this occasion. The day began with college prayer followed by introduction to eminent scientist Dr. C.V.Raman. An extension lecture was also organized on this day on religion and science. Dr. Inderjit Singh Gogoani was the resource person for the day. Principal Dr. SPK Dhillon introduced the guest and extended a floral welcome. Sir revealed connection between religion and science very aesthetically and conveyed many ideas of religion and science in a very simple manner. Students of the science club extended a portrait of Dr. C.V. Raman, a token of remembrance to the key speaker and Principal Dr. S.P.K Dhillon . Further, students of the club organized a small quiz session for the audience on basic sciences. After this, a skit showing the victory of science over the superstition was presented by the students. Finally, students were also given prizes for the poster competition on any theme related to science. Posters were prepared by the students from their homes due to corona pandemic. At last, Dr. Satnam Kaur, thanked the key speaker, students of science club and audience to mark the end of the event.

REPORT

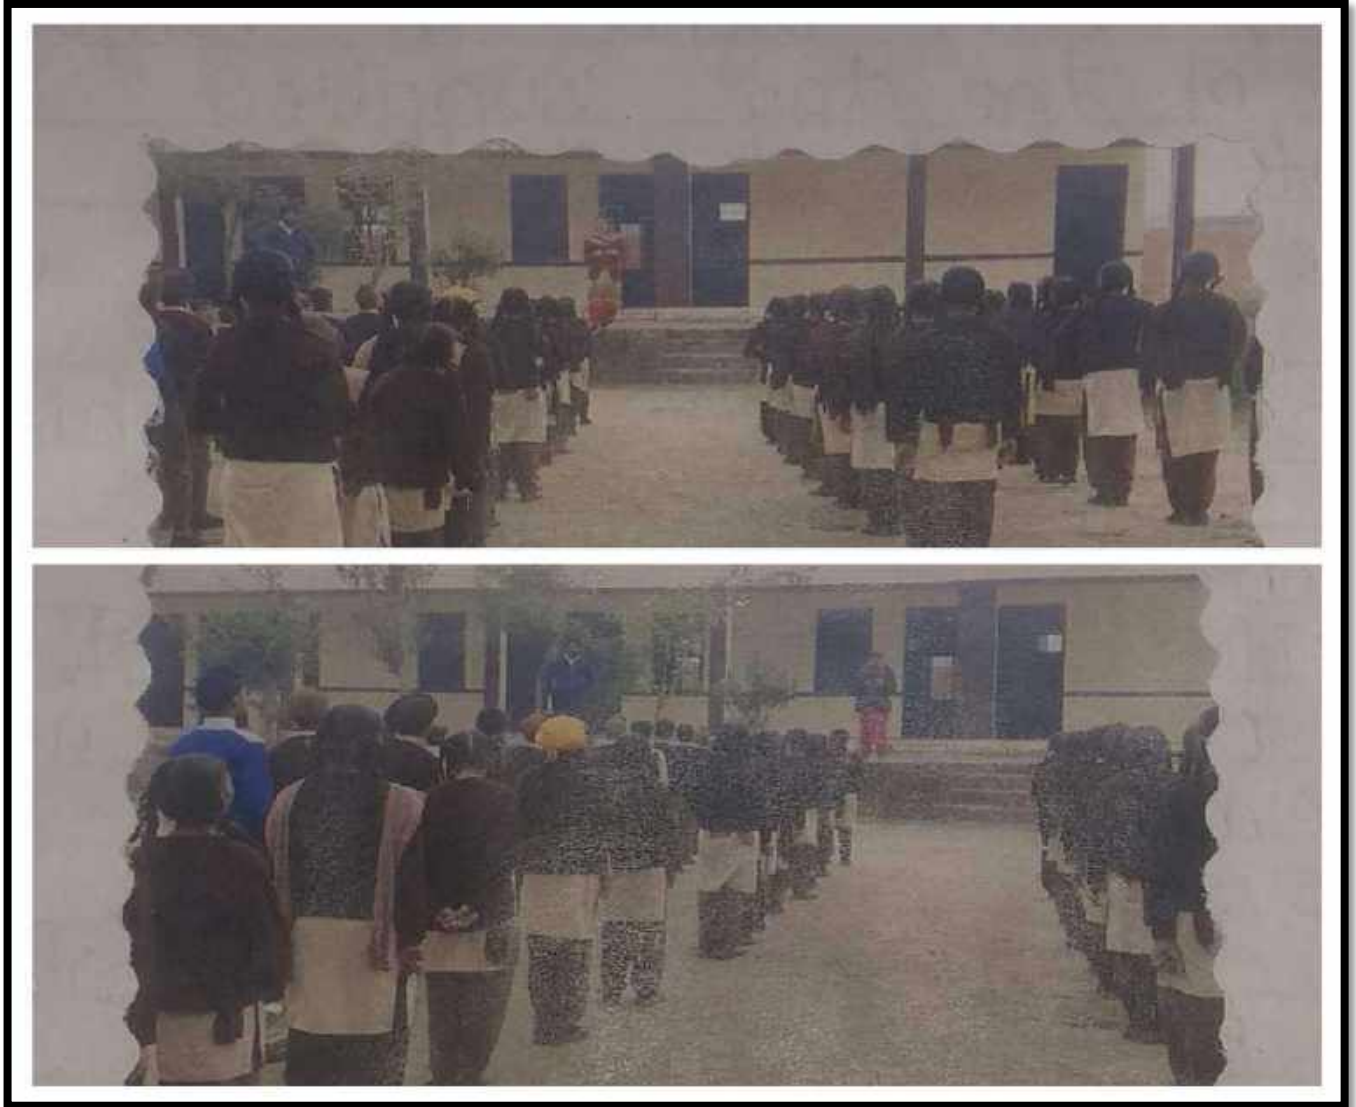

Institution understands the need and requirements of culture and society and tries its best to develop the student's **competency** in organizing various events related to **sports, community and culture** that are the strong pillars of development. It assures that students are competent enough to organize such events during their service period. Some of the events organized by the students during their academic course work are **Morning assemblies, Sports day, Class meetings, Celebration of local and national festivals, Visit to different places of cultural importance, Visit to orphanages, Old age homes** etc.

These events help students to act as an event manager and planner and moreover improve their **organizational, communicational and presentational skills**. It also develops **leadership qualities** among them. These activities also help them to understand the world beyond the walls of classrooms.

Institution ensures that the suggestions, opinions and ideas of students are being implement during the organizing of various events in campus. It also makes sure that students get experience of **co-operative learning strategies** through the conduct of Morning assemblies, Sports day etc.
