## **WASTE MANAGEMENT CELL**

The '**Waste Management cell**' in the institution was established in 2016 with the purpose to provide hygienic, efficient and economic activities to manage solid waste without polluting the atmosphere, soils and water system. The cell works to fulfil specific objectives which are necessary to fulfil the motto of, '**reduce, recycle and reproduce**'.

### **OBJECTIVES**

- To ensure waste management is performed in accordance with all waste.
- To minimise waste generation at source and facilitate repair, reuse and recycling.
- Disposal of waste in cost effective manner.
- To provide clearly defined roles, responsibilities to identify and co-ordinate each activity of waste management.
- To ensure safe handling and storage of waste in the college.
- To promote holistic approach of waste management in the campus.
- To invest into the expansion of recycling opportunities in the college and transform waste into value added product.
- To provide appropriate training, code of conduct for staff, students and other stakeholders on waste management issues.
- To promote holistic approach of waste management in the campus.

### **MEMBERS OF THE CELL**

<b>Sr. No</b>	<b>Name</b>	<b>Designation</b>	<b>Contact</b>
1	Dr.Satnam Kaur	Assistant Professor	8289040911
2	Dr.Harjinder Kaur	Assistant professor	9357175085
3	Ms.Pooja Sharma	Assistant professor	9501017832
4	Student Representatives of different courses		

The cell arranges meetings twice a year to discuss important matters related to effective waste management at institution level and issues notices time to time with the purpose to make institution eco-efficient and orientate the faculty and students about. The action plan is implemented with the help of "**College Beautification committee**". The Cell provides information about the recyclable material, hazardous radioactive waste. The Cell updates waste management procedure on regular basis. Meetings, seminars and extension lectures are organised by the cell from time to time in order to encourage the staff and students about preference on minimisation and landfill disposal.

The first meeting of *Waste Management Cell* of Khalsa college of Education, Ranjit Avenue was held on 19<sup>th</sup>, Sept. 2020 in the office of undersigned at 3.00 p.m. Following were the meeting agenda:

## **Agenda**

- Orientation to encourage minimization of waste (Solid, Liquid and E-waste) in the campus
- Assigning duties and responsibilities to identify and coordinate each activity of the waste management in the campus.

## **Proceedings**

Meeting started with a welcome note. The chairperson of *Waste Management cell* discussed the systematic procedure for proper management to be followed for the disposal of waste. She threw light on waste segregation rules and gave instructions that dustbins should be placed in every classroom, laboratory, rest room, and canteen and at different locations in the campus. She assigned duties to the cell members to supervise cleanliness of campus. She further added that all waste/garbage from college should be segregated and disposed of in a proper manner. Old newspapers, used papers and files, workshop scrap etc. should be given for recycling to external agencies. She emphasized that Leaf litter should be allowed to decompose systematically over a period of time to be used as manure for the gardens in the institute. The chairperson concluded the meeting that maximum efforts should be put by faculty and students to make an eco-friendly environment in the campus. On the basis of recommendations made by the cell meeting, following actions were taken:

## **Actions Taken**

1. Implemented the applicable regulations, policies and standards of waste management cell.
2. Organization of extension lecture to promote awareness about Waste Management.
3. E-waste such as computers and its peripherals are upgraded regularly to continue usage and to avoid its wastage.
4. Discipline committee played active role in checking the duties assigned to be administered properly

The second meeting of *waste management Cell* of Khalsa college of Education, Ranjit Avenue was held on 17<sup>th</sup> April, 2021 in the office of undersigned at 3.00 p.m. Following were the meeting agenda:

## **Agenda**

- Orientation to encourage minimization of Solid, Liquid and E-waste in the campus.
- Assigning clearly defined roles and responsibilities to assure acceptable indoor air quality and natural light facility.

## **Proceedings**

The chairperson started meeting with a welcome note. The review of last meeting was taken by the chairperson. She also collected the detailed report of the actions taken after the first meeting of the cell. She asked for the reports if any regarding the assigned duties to the cell members. The cell members also discussed the important issues related to effective waste management to promote eco-friendly environment and conservation in the college campus. The duties to various staff members were also assigned to coordinate each activity of the waste management cell on the basis of recommendations provided by the cell.

## **Actions Taken**

On the basis of recommendations made by the cell, following steps were put forth:

1. Organization of talks by the faculty members to promote awareness about waste management.
2. Reminders to coordinators to implement the policies and standards of waste management cell.
3. Wastage of drinking water was restricted through proper monitoring by the college discipline committee.
4. Relevant instructions are placed at proper places to save water.

Sir/Madam

As per directions from the Worthy Honourary Secretary Sir, this is brought to your kind notice that in reference to discussions on Solid Waste management during 'Principals Meeting', dated December 24, 2019, the immediate measures need to be taken which include;

- 1) For the segregation of the waste, the separate Pits have to be dug up/built for bio-degradable and non-bio-degradable waste.
- 2) The waste must be stored and developed/processed to produce the compost, bio-gas or manure
- 3) There will be no burning of any waste of any kind including the dried up leaves after brooming, any paper waste etc.
- 4) The campus must be declared 'no plastic zones'.

Kindly also see the attached guidelines of the local Municipal Corporation which we need to adhere to.

This is for immediate action

  
Under secretary  
for Honourary Secretary

Encl: As above.

## **Duties of Bulk Waste Generator as per SWM Riles, 2016**

- a) Segregate and store the waste generated in three separate streams namely- (i) Bio-degradable (wet waste); (ii) Non-Biodegradable (dry waste); and (iii) Domestic hazardous wastes in suitable bins/containers. Details of various components of municipal solid waste categories can be seen at Annexure-1.
- b) Process wet waste (Bio-degradable waste) to the extent feasible in premises itself and develop a system of reuse of products of processing, that is, compost or biogas etc.
- c) Handover segregated dry wastes to ULB waste collector or agency authorized by ULB to collect waste on its behalf as per the direction or notification by the authorities from time to time;
- d) Handover segregated domestic hazardous wastes to authorized waste pickers or waste collectors as per the direction or notification by the local authorities from time to time;
- e) Wrap securely the used sanitary waste like diapers, sanitary pads etc., in the pouches provided by the manufacturers or brand owners of these products or in a suitable wrapping material as instructed by the local authorities (such as newspaper, paper etc.) and handover separately to waste collector or place the same in the bin meant for dry waste or non-biodegradable waste;
- f) Store horticulture waste and garden waste generated from premises separately in own premises and carry out composting in compost pits within the premises. In case of non-availability of land, dispose off as per the directions of the urban local body from time to time;
- g) Store separately Construction & Demolition waste generated in own premises and dispose off as per the Construction & Demolition Waste Management Rules, 2016;
- h) In addition to above, bulk waste generators are required not to mix E-waste- it should be separately stored as and when generated and should be handed over to recycling chain.
